

Welcome to The Compassionate Friends Victoria Online Chat Service for Bereaved Siblings

**A Peer support chat service
for bereaved siblings
aged 18–30 years
throughout Victoria.**

*“ We are committed to helping bereaved siblings
benefit from peer support, early in life, to minimize
the impact of grief on their individual, social and
emotional wellbeing”*

–TCFV President

Our aim is to help address the following:

- * To acknowledge that there are approximately 3000 newly bereaved siblings in Victoria each year (ABS, 2018)
- * To support bereaved siblings that are often forgotten in our society
- * To emphasise the profound long-term impact of sibling loss on the individual
- * To offer a safe space to listen, grieve, heal, and grow
